President Clinton Avenue,  
Little Rock

Workshop 2: Winfield United  
Methodist Church, **7-9 PM**, 20100  
Cantrell Road, Little Rock

## **Two More Opportunities to Provide Feedback regarding the Draft Land Use Concepts!**

Pulaski County invites you to attend one of two citizen workshops on September 13<sup>th</sup>, 2010, to review preliminary options for land use concepts and regulatory strategies for the Lake Maumelle Watershed Comprehensive Plan. For the past several months, our consultant team has been working on developing these initial concepts, which will become the foundation for the Plan.

At both of the September 13<sup>th</sup> meetings, the concepts will be presented, followed by a discussion session where you will have the opportunity to give your ideas and opinions, ask questions, and hear about the next steps. To make it more convenient for those wanting to attend, the workshops will be held at two different times and locations.

Following the workshops, the consultant team and County staff will be available on September 14<sup>th</sup> during the morning to meet in approximate half-hour meetings with any individual or group interested in a more in-depth discussion.

For additional information, to RSVP, or to make an appointment for a post-workshop stakeholder meeting, please, contact Van McClendon at 501-340-8260 or send an E-mail to [vmcclendon@co.pulaski.ar.us](mailto:vmcclendon@co.pulaski.ar.us).
