**Overview of Implementation Strategy for the Watershed Management Plan**

TETRA TECH, INC.

---

---

---

---

---

---

---

---

**Purpose**

Provide guidance on implementing the Watershed Plan 2007-2011 (five years).

---

---

---

---

---

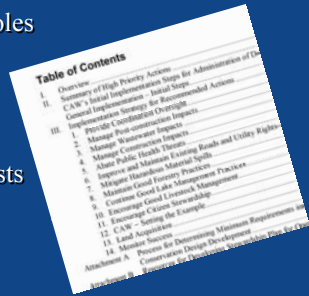

---

---

---

### Contents

- Actions
- Leadership roles
- Priorities
- Key steps
- Timelines
- Estimated costs

---

---

---

---

---

---

---

---

---

---

### Big Picture

- Significant start-up actions 2007-2008
- Requires parallel, synchronized work.
- Managers/orchestrators
  - Watershed Administrator
  - Watershed Stewardship Coordinator
- Initial action:  
Hire Coordinator and Administrator!

---

---

---

---

---

---

---

---

---

---

### CAW Watershed Director

- Hire Watershed Administrator and Stewardship Coordinator
- Develop MOUs with local governments and Metroplan
- Form Stewardship Council
- Request prohibition of discharging wastewater systems
- Form wastewater RME
- Request preferential tax assessment for conservation easements

---

---

---

---

---

---

---

---

---

---

**Watershed Administrator –  
Initial Management Responsibilities**

- Procedures for plan review/inspection
- Watershed protection ordinance
- Erosion & sedimentation control ordinance
- Erosion & sedimentation control manual
- Landowner manual for planning development
- Procedures for the wastewater Responsible Management Entity (RME)

---

---

---

---

---

---

---

---

**Stewardship Coordinator –  
Initial Management Responsibilities**

- Staffing non-profit Stewardship Council
- Joint Planning Commission/Watershed Management Authority formation
- Strategic plan for mitigating transportation spills
- Stewardship plan for open space
- Encouraging use of BMPs
- Assessment program for monitoring success

---

---

---

---

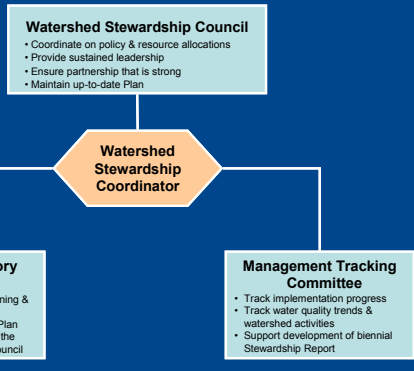

---

---

---

---

**Watershed Stewardship Council**

---

---

---

---

---

---

---

---

### Watershed Stewardship Council

- Strong partnership among organizations having significant authority or resources for managing the watershed.
- Support strong stakeholder involvement through advisory committees.

---

---

---

---

---

---

---

---

### Comments?

---

---

---
